Hi Stephen,

It was a pleasure speaking with you and Ben yesterday. I have CC'd [info@fedramp.gov](mailto:info@fedramp.gov) who will update our website accordingly to list Aconex as "In-Process".

From here, I would recommend having a "kick-off" meeting with Bechtel and the Aconex teams to go over project status/schedules/milestones/deliverables as well as an introduction of team members. I would be happy to participate.

Dan - I'd like to touch base briefly, there are a few items I will need from Aconex to be listed on our website, please let me know your availability for a quick call.

Best,

Ashley

Ashley,

Thank you for taking the time to meet yesterday. As was discussed, we at DOE-RL would like to start the FedRAMP accreditation process for Aconex, Bechtel's EDMS system. Please let me know the next steps that will need to be taken to start this process and we can set up other meetings for discussion. I look forward to working with you.

Thanks,

**Stephen Desnoyers**
